

ZK713K

VSM ZIRCONIA ALUMINIA

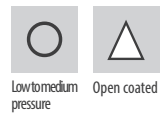

Grain type	Zirconia Alumina
Bonding	Full-resin bonded
Colour	Blue
Backing	X-Polyester
Flexibility	Sturdy
Production width	1,480 mm

Materials

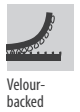

Unalloyed steel

Features

Low to medium pressure

Open coated

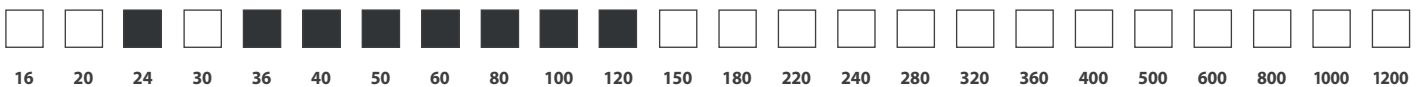

Velour-backed

Zirconia alumina abrasive with self-sharpening effect on a velour-backed sturdy polyester backing for self-sticking systems, suitable for machining of tough workpiece surfaces, impresses with its aggressive cut and very high stock removal.

*) designed for use with VSM back-up pad ZKL for medium and high speed angle grinders and for VSM back-up pad ZKLF for low and medium speed angle grinders.

Grit sizes:¹⁾

Benefits

- > High stock removal rate
- > Continual self-sharpening effect results in long-lasting high grinding capacity thanks to constant recreation of sharp grain points
- > Excellent price-performance ratio
- > Special coat for hand-held machines
